Docket No. 98N-1265
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: In a period 4-5 yrs I had been
plagued with yeast infections. The doctor prescribed
the strongest meds available but they only slowed
it down - never cured. After he'd prescribed
Fluorfen - the yeast infection completely went
away! Please - don't pass laws* that will
prevent women from a cure.
